

No Photography or Recording of the Session

Slides will be posted at our school's website.
Thank you for your understanding and cooperation.

P4 Parents Engagement Session

Saturday, 20th January 2024

Learning School •

Emergency Evacuation Procedure

If the fire alarm is sounded in the school, please follow the procedures below:

- Listen for the announcement over the PA system.
- If there is a need for evacuation, follow the instructions given in the announcement.
- Exit the hall and follow the instructions from the staff. Walk briskly to the assembly area as instructed by the announcement.
- Wait for further instructions at the assembly area.

Learning School

Photography And Videography Publication Of Students' Work

- We would like to inform you that photographs/ videos of students/ parents taken at all school events by the official school photographers may be published on the school's official media platforms (e.g. newsletters & school website) and used for briefings, workshops and other educational purposes.
- The school may publish photographs, videos and students' work/ achievements together with the names of the students from time to time.
- Please notify the school in writing if you do not wish to grant such permission.

Learning School

Today's Programme

10.00 – 10.10 a.m.	Welcome address & Level Matters by Year Head
10.10 – 10.55 a.m.	Subjects Expectations by EL, Math, Science & Mother Tongue Heads of Departments P4 Subject-Based Banding
11.00 – 12 noon	Address by Form Teachers (In Respective Classrooms @ Level 3)

Learning School •

Learning School •

Language Areas

- ❖ Listening and Viewing
- ❖ Speaking and Representing
- ❖ Reading and Viewing
- ❖ Writing and Representing
- ❖ Grammar
- ❖ Vocabulary

STrategies for English Language Learning And Reading (STELLAR 2.0)

Language Area	Strategy
Reading & Viewing	<ul style="list-style-type: none">• Sustained Silent Reading (SSR)• Supported Reading• KWL• Retelling• Annotation• Reading for Pleasure (through Extensive Reading)
Writing & Representing	<ul style="list-style-type: none">• Writing Process Cycle (expanding repertoire of writer's craft, strengthening awareness of PACC)
Oracy	<ul style="list-style-type: none">• Weaved in areas of language learning• Explicit Instruction
Vocabulary	<ul style="list-style-type: none">• Taught in context
Grammar	<ul style="list-style-type: none">• Explicit teaching of language items, structures and skills• Sentence Manipulation

Learning School •

English Language

❖ Level Programmes

- a) Read @ ZPS – Subscription to Little Red Dot; Provision of Class Library Books, Visit to the School Library, Collaboration with NLB
- b) School-based Dyslexia Remediation (For selected students – whole year)
- c) Reading Remediation Programme (For selected students – whole year)
- d) Authentic Learning Experiences – e.g. Making Ice Cream

❖ School-Level Programmes

Sustained Silent Reading, DEAR, English Language Day, NLB activities

Learning School •

Holistic Assessment Structure

Term 1	Term 2	Term 3	Term 4
No Weighted Assessment	Weighted Assessment 1	Weighted Assessment 2	End-of-year Examination
	[15%]	[15%]	[70%]

***Topics to be assessed will be announced closer to date.**

Assessment Format (End-of-Year Examination)

Component	P4
Paper 1 – Composition	20 marks (20%)
Paper 2 – Language Use & Comprehension	50 marks (50%)
Paper 3 – Listening Comprehension	14 marks (14%)
Paper 4 – Oral Communication	16 marks (16%)

Learning School •

Paper 1 (Composition)

Write a composition of at least 120 words about a forgetful person.

The pictures, not arranged in sequence, are provided to help you think about this topic. Your composition should be based on one, two or all of these pictures.

Consider the following points when you plan your composition:

- When and where did the incident take place?
- What did the person do?
- What happened in the end?
- How did the person feel after the incident?

You may use the points in any order and include other relevant points as well.

Helping words:

- rang the doorbell
- checked schoolbag
- left keys behind
- no choice but to wait outside
- sat on doorstep
- neighbour came back

- Write a composition of **at least 120 words** on a given topic.
- Helping words will be given

Total Duration: 50 min
(20 marks)

Paper 2 (Language Use and Comprehension)

Content

Vocabulary MCQ

Grammar MCQ

Grammar Cloze

Vocabulary Cloze

Synthesis

Editing

Comprehension Open-ended

Total Duration: 1 h 15 min

Total Marks: 50 marks

Learning School •

Paper 3 (Listening Comprehension)

P4 LC (approximately 20 min)

Total Marks: 14 marks

- Picture Matching & Sequencing (6 marks)
- Note-taking (5 marks)
- Comprehension MCQ (3 marks)

Paper 4 (Oral Communication)

Reading Aloud (6 marks)

- *read a text with accuracy (good pronunciation and articulation of words) and fluency (appropriate expression and rhythm)*

Stimulus-based Conversation (10 marks)

- *give personal response to a visual stimulus and engage in a conversation on a relevant topic*

Total marks: 16 marks

Both components are linked by a common broad theme.

What Parents Can Do to Help

- Get your child to **READ WIDELY AND EXTENSIVELY**
e.g. story books, magazines, newspaper articles and other materials
- **Provide exposure** to listening, speaking, reading and writing opportunities and activities
- **Role models** – Read with them, write notes and messages to your child using standard English

What Parents Can Do to Help

Encourage your child to :

- **use Standard English in both writing and speaking.**
- **use the EL strategies** (e.g. annotation) he/she has learnt in the classroom when completing the assignments.
- **write neatly** and **legibly**
- **use a dictionary** to learn meaning and pronunciation of new words and how to use them appropriately in context
- **learn spelling / dictation well**

Mathematics (MA)

Learning School • **GIVER'S**
heart

Mathematics Curriculum

Primary 3

Numbers & Algebra

Whole Numbers

Fractions

Money

Measurement & Geometry

Length, Mass & Volume

Time

Area & Perimeter

Angles

Perpendicular & Parallel Lines

Statistics

Bar Graphs

Primary 4

Numbers & Algebra

Whole Numbers

Fractions

Decimals

Measurement & Geometry

Area & Perimeter

Symmetry

Squares & Rectangles

Angles

Nets

Statistics

Tables & Line Graphs

Pie Charts

Challenges

- Time Management to complete the paper
- Accuracy in calculations
- Developing problem solving skills
- Understanding the questions
- Checking the solutions and answers
- Persisting when faced with difficulties

Strategies

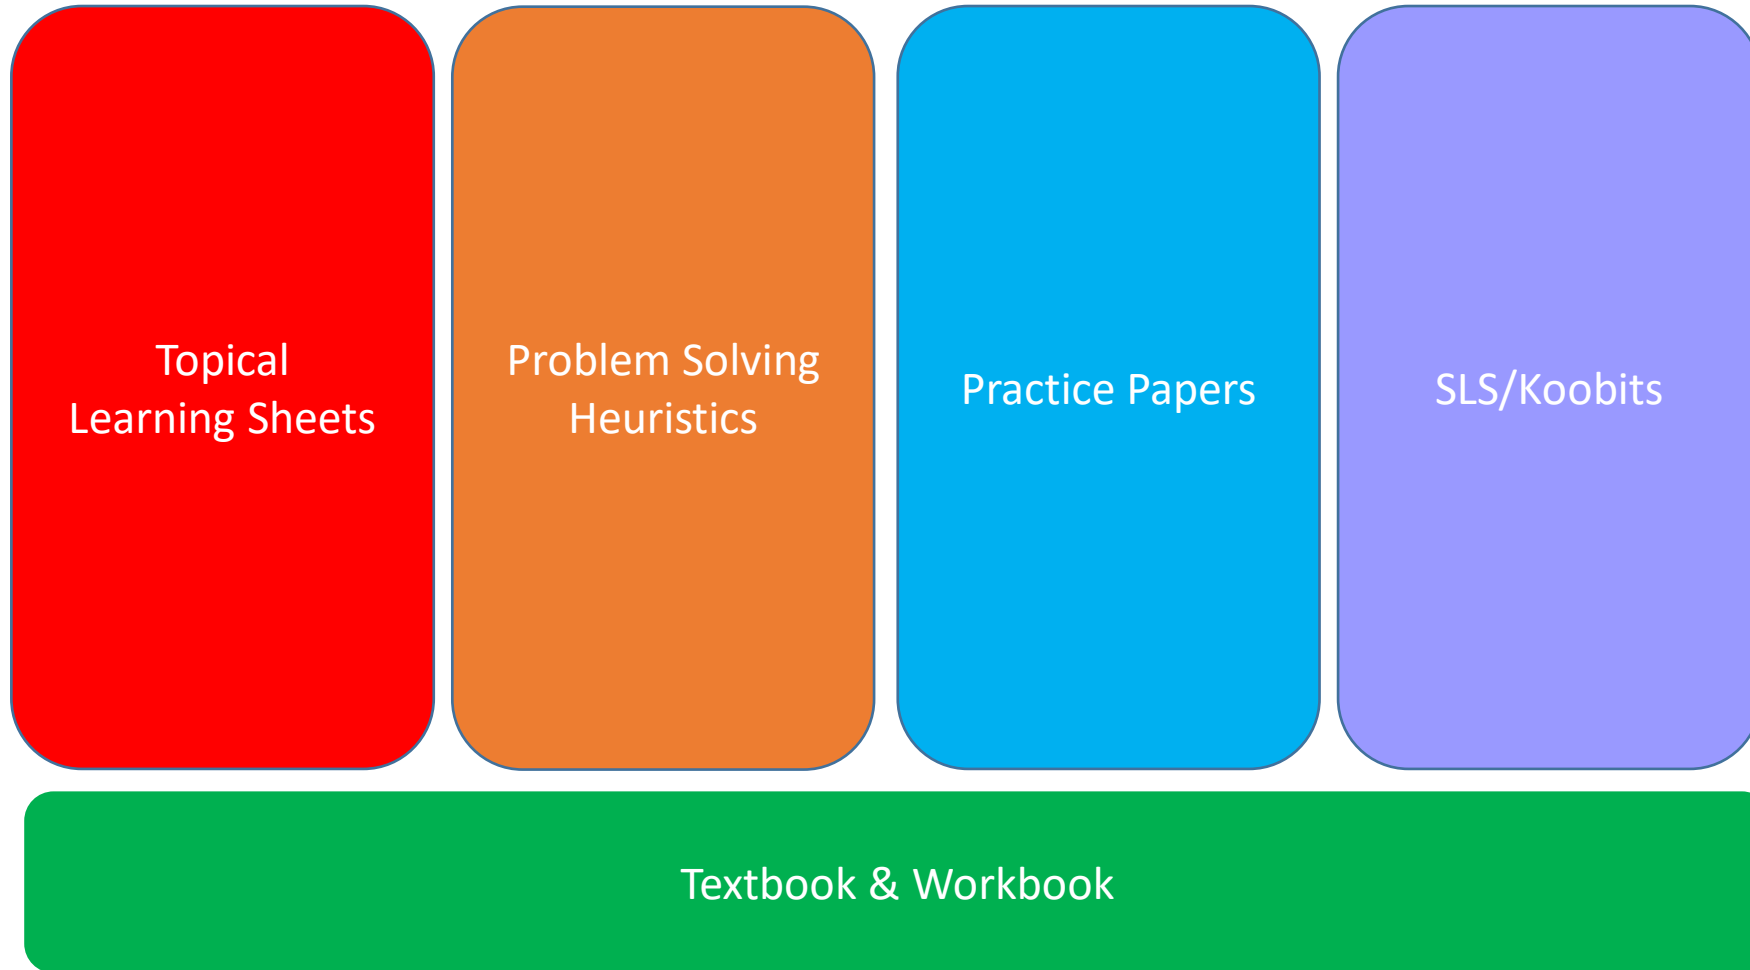

- Have timed-based practice
- Master computational skills
- Have good understanding of skills and concepts
- Develop a range of problem-solving strategies
- Show solutions clearly and systematically
- Inculcate good habits :
 - Strive for accuracy – check your work
 - Persistence – never give up

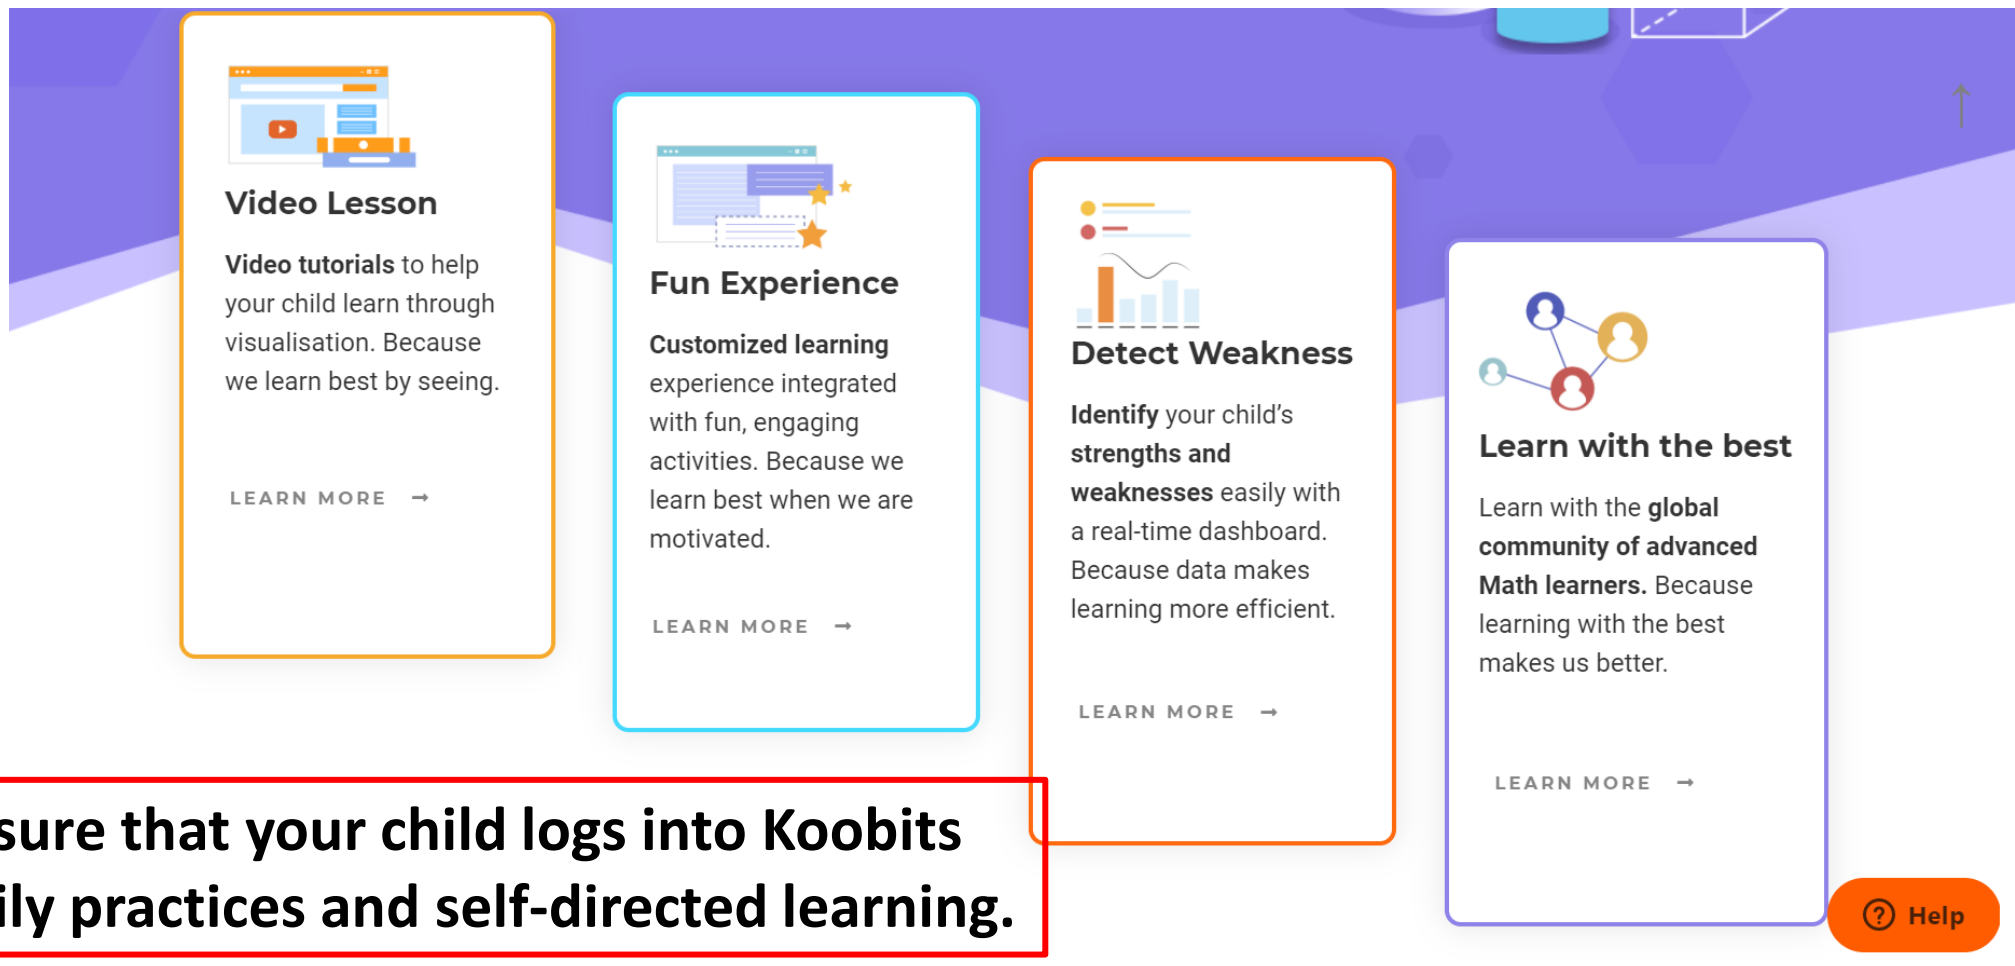

Learning School •

Mathematics Teaching & Learning Resources

Math online programme - Koobits (<https://www.koobits.com/>)

The screenshot shows the Koobits website homepage with four main feature cards:

- Video Lesson**: Video tutorials to help your child learn through visualisation. Because we learn best by seeing. [LEARN MORE →](#)
- Fun Experience**: Customized learning experience integrated with fun, engaging activities. Because we learn best when we are motivated. [LEARN MORE →](#)
- Detect Weakness**: Identify your child's strengths and weaknesses easily with a real-time dashboard. Because data makes learning more efficient. [LEARN MORE →](#)
- Learn with the best**: Learn with the global community of advanced Math learners. Because learning with the best makes us better. [LEARN MORE →](#)

A red box highlights the text: **Do ensure that your child logs into Koobits for daily practices and self-directed learning.**

There is a [Help](#) button in the bottom right corner of the page.

Differences between P3 and P4 Mathematics Paper

Primary 3	Primary 4
Section A : 13 marks Section B : 25 marks Section C : 12 marks	Section A : 30 marks Section B : 50 marks Section C : 20 marks
Total : <u>50 marks</u> Duration: 1 h 30 min	Total : <u>100 marks</u> Duration: 1 h 45 min

Learning School

Marking Matters

- Marks are awarded for relevant method even if the final answer is wrong.

- Method Marks**

- Marks are awarded for correct methods.
- Marks will be given even if the answers are wrong.

- Answer Marks**

- Marks are awarded for correct answers.
- Marks will not be given if the method is incorrect.

It is important to show mathematical thinking clearly (by writing equations, diagrams etc)

- Marks are deducted for:

- Omission of units or wrong use of units**

Area of rectangle = 28 ^{cm²}cm 5000 ^m = 5 km

- Mathematically incorrect statements e.g. wrong use of equal sign**

$20 - 5 = 15 + 3 = 18 \times 2 = 36$ X

$40 + 1.50 = \$1.90$ X

Example

The total cost of a wallet and a shirt was \$105. The total cost of the wallet and a bag was \$75. The shirt cost 3 times as much as the bag. How much did the wallet cost?

Step 1 : Find the difference between the cost of the shirt and the cost of the bag

$$\$105 - \$75 = \$30 \text{ (Method Mark)}$$

Step 2: Find the cost of the bag.

$$2 \text{ units} = \$30$$

$$1 \text{ unit} = \$30 \div 2 \text{ (Method mark)}$$
$$= \$10 \text{ (wrong answer)}$$

Step 3 : Find the cost of the wallet.

$$\$75 - \$10 \text{ (Method mark)}$$
$$= \$65 \text{ (wrong answer)}$$

$$\text{Ans: } \$65 \text{ (No answer mark)}$$

Important to write **clear**
and **systematic** solutions

How can I help my child?

Monitor

- Ensure homework is completed
- Establish regular and consistent practice
- Be aware of progress and challenges

Encourage

- Cultivate a positive learning attitude & growth mindset
- Show applications and connections of mathematics in everyday life
 - Estimation
 - Shopping
 - Budgeting
 - Advertisements/receipts
 - TV programme schedules
- Ask them to explain their thinking

Partner

- Use correct mathematical language – e.g. numerator, denominator, digits
- Explore alternative strategies and solutions
- Use Polya's problem solving approach (**Understand-Plan-Do-Check**)
- Ensure clear mathematical presentation and notation is used
- Practise factual fluency

Mathematics Programmes @ Zhangde

- ❖ Learn to solve word problems using different heuristics
- ❖ Learning Experiences e.g Math Activities, Math Trail

For selected students:

- ❖ Math Bridging Programme
- ❖ Math E2K programme

Learning School •

Mother Tongue Languages (MTL)

Learning School •

3 BROAD OBJECTIVES

IN THE TEACHING AND LEARNING OF MTL TO DEVELOP PROFICIENT LANGUAGE USERS

Communication

- Valuable skill for life and work
- In addition to their mastery of the EL, proficiency and ability to communicate in MTL gives Singaporeans a competitive edge

Culture

- Learning MTL enables our students to understand and develop their unique identity through a deeper appreciation of culture, traditions and literature and history
- Critical base to preserve the transmission of cultural values and traditions associated with each MTL in our society.

Connection

- Proficiency in MTL enables our students to connect with communities across Asia and the world who speak that language or share that culture.

The key is to help students to like, learn and use their **MTL as a living language**, and produce proficient users who can communicate effectively in a variety of real-life settings.

ACTIVE LEARNERS, PROFICIENT USERS

Curriculum Overall Goals

Language Ability

Civic Literacy & Cultural Awareness

Values
Culture
Local Culture
Cross Culture

General Ability

Thinking Skills
Learning Skills
Social Emotional Learning
Communication, Collaboration &
Information Skills

Teaching and Learning Process

SUMMATIVE

FORMATIVE

Learning School

MTL Holistic Assessment Structure

Term 1	Term 2	Term 3	Term 4
No Weighted Assessment	Weighted Assessment 1	Weighted Assessment 2	End-of-year Examination
	[15%]	[15%]	[70%]

***Topics to be assessed will be announced closer to the date.**

Learning School

Examination Format

Component	P4
Paper 1 – Composition	15 marks (15%)
Paper 2 – Language Use & Comprehension	45 marks (45%)
Paper 3 – Oral	30 marks (30%)
– Listening Comprehension	10 marks (10%)

Learning School

MTL – Paper 1 (Composition)

- Picture Composition
(4 series of pictures)
- write at least 100 words
- helping words will be given

MTL – Paper 3 (Oral)

Reading Aloud

- short passage
- about 80 words

Picture Description and Conversation

- Picture related to a theme – e.g. family

Example:

1. Share with me what you have seen in the picture. (Description)
2. Share one activity that you have done with your family. (Conversation)

1

MTL – Paper 3 (Listening Comprehension)

Listening Comprehension

- Picture matching
- Complete a dialogue
- Three short text passages

1

MTL P4 Teaching Resource

Teaching & Learning in classroom	Printed Materials	Textbook, Activity Book, Reading Card, Picture Card, Learning Sheet
	ICT Resources	Video, Audio, Song, Reading Material, Interactive Game, Interactive Book, Online Task (SLS, Ezhishi, other ICT platform)
	Games Tool Kit	Board Game, Grammar Card, 'Values' Card, Picture Card
Teaching & Learning at home	Printed Materials	Small Book, Activity Book, Learning Sheet
	ICT Resources	Interactive Game, Post-Reading

Higher Mother Tongue (HMT)

- Students who showed strong proficiency and interest in Mother Tongue Language (MTL) will be offered HMT at P5.
- Students who obtained Distinction/Merit/Pass in **HCL** and a PSLE Score of 14 or better (i.e. PSLE Score \leq 14) at PSLE will be eligible for **posting advantage** to SAP schools.
- If multiple students with the same PSLE Score apply for places in the same SAP school, those with better **HCL** grades will be allocated a place ahead of other students. This applies before the tie-breakers for S1 posting.

Learning School •

Language & Cultural Exposure

Mother Tongue Fortnight

Promote cultural awareness and appreciation of Mother Tongue languages and culture through fun and engaging activities.

Supporting your child in MTL Learning

Cultivate the love of reading MTL books, e.g. visit the library or borrow e-books

Encourage them to take small steps in learning MTL, e.g. read signs, listen to music

Do fun activities in MTL together, e.g. watch a film or performance

Provide a conducive environment for learning MTL, e.g. access to MTL music and books

Tips for Parents

- **Interact** with and **verbalise** your child's thoughts in MTL daily.
- **Cultivate** a reading habit through MTL storybooks.
- **Play** language games with your child to make learning of MTL fun for him/her.
- **Sing** along with your child or **watch** quality TV programmes together.
- **Encourage** and support your child to share learning experiences from his/her MTL activities.
- **Expose** your child to MTL culture regularly.

Science Curriculum Framework - 2023

Goals

Science for Life and Society

Vision - 3Ins

Inspire
Inquire
Innovate

Three Domains

Core Ideas
Practices
Values, Ethics and Attitudes

Stakeholders

Students as Inquirers
Teachers & Partners as Facilitators

Topics Covered in P4 Science

Term 1	Term 2	Term 3	Term 4
<u>Chap 1:</u> Plant Systems	<u>Chap 3:</u> Matter	<u>Chap 4:</u> Light	<u>Chap 7</u> Effects of Heat
<u>Chap 2:</u> Human Systems		<u>Chap 5:</u> Shadows	Revision
		<u>Chapter 6:</u> Heat	

Science Curriculum & Expectations

- P4 Science Revision Guide
- 1 Activity Book
- Assignments can be in the form of:-
 - concept mapping,
 - topical worksheets
 - Science Sketch Book activities)
 - Mini projects by topics (group work)
- Active participate in class discussion and activities.

Learning School

Assessment Structure for P4 Science

- 2 Weighted Assessments
 - Term 2 – Weighted Assessment 1 (15%)
 - Term 3 – Weighted Assessment 2 (15%)
- 1 End-of Year Examination
 - Term 4 – EOY Examination– (70%)
- Non- Weighted Assessments
 - to provide feedback to parents and students on their progress in the learning of Science
 - Review Exercise/ Concept Cartoons or Performance tasks

Assessment Format for P4 End-of-Year Examination

Booklet	Item Type	Number of questions	Marks per question	Total Marks	Percentage
A	MCQ (multiple choice questions)	28	2	56	39.2
B	OE (open-ended)	12-13	2-5	44	30.8
Total				100	70%

A maximum of 2 topics will be tested. Assessment may be in varied modes like using ICT or Practical work.

Topics covered for Assessments

Weighted Assessments

- Only a maximum of 2 P4 topics learned will be tested.

During EOY Examination

- All P3 and P4 topics taught will be tested.

Expectations in Science Learning

- Students must take all written assignments seriously.
- Science reasoning must be seen.
 - highlighting clues
 - writing concepts
 - writing short notes (thinking aloud)
- Hence, students must revise these topics on a regular basis.
- A timetable must be planned to study and revisit previous topics taught.
- Concepts must be memorised for each topic. This is vital in answering questions. Concept maps is a great way to consolidate learning.

Strategies to answer Science questions

- Using the **O-I-C approach** to answer questions
- O - Observe
- I - Infer
- C - Conclude

OIC Science Answering Technique

Observe: Read and highlight the key words.

Infer: Write down the concept tested.

Conclude: Eliminate the wrong MCQ options. Apply the Science evidence and concepts in your open-ended explanations.

Strategies to answer Science questions

1. Which of the following statements about a system is true?
 - (1) A system can work if all its parts are working.
 - (2) A system can work if none of its parts are working.
 - (3) A system can work if some of its parts are missing.
 - (4) A system can work if all of its parts are missing. ()

Observe			Infer			Conclude		
Did I highlight the key words?	Self		Did I write the concept tested?	Self		Did I use ticks and crosses to eliminate the wrong options?	Self	
	Peer			Peer			Peer	

Strategies to answer Science questions

- Students tend to rush through MCQ. Parents can encourage students to complete their assignment in the following manner.

Use the Elimination Technique

- Basically means to look at the options and to use logical reasoning to remove obvious distractors.
- Encourage your child to do working by using ticks (✓) for options that he agrees and (X) for those that he disagree.

A Sample

Study the table below.

Which item is classified **wrongly**?

- (1) gold ring
- (2) copper coin
- (3) steel needle
- (4) aluminium foil

Magnetic	Non-magnetic
X copper coin	aluminium foil 
iron nail 	wooden block 
steel needle 	gold ring 

Answer: (2) Copper coin

Open – ended questions

- Must attempt all questions given in the assignment.
- Questions that begin with ‘Name’, ‘State’, ‘List’ and ‘What’
 - often require short answers.
- Questions that begin with ‘Explain’, ‘Why’, ‘How’, ‘Describe’
 - often require detailed complete answers.
 - concepts must be clearly written appropriately in the answers.

The diagram below shows a seedling.

(a) Which part of the seedling, J, K or L, is the first part to grow when the seed germinates?

Part L

(b) Explain your answer in (a).

Part L is the roots. It absorbs water for the seed to grow

Learning and Applying Science

Students applying light concepts in designing a periscope

Students making simple systems using recycled materials

A Digestive system model made by a student with his parents

Learning School •

Science Programmes at P4 level

❖ Garden Curriculum @ Zhangde

Learning about life cycles of plants by growing seedlings into our garden plots

Name: _____ ()

Class: Primary 4 ____

Other Science Programmes at P4 level

- ❖ Garden Curriculum – Growing plants
- ❖ Science Centre Lessons (Term 1 Week 10)
- ❖ Science Olympiad
(Selected Students with very good Aptitude in Science)
- ❖ E2K Science for Selected students.

Environment Education @ Zhangde

- Zhangde – aims to inculcate a love for the Environment in all our students. We also want our students to care for the Environment.
- Some highlights
 - ❖ Setting up an Environment Corner
 - ❖ Practising recycling Paper and Plastic bottles
 - ❖ Commemorating Special Events like Environment Day and International Biodiversity Day.
- ❖ We seek our Parents' support in all these initiatives.

Learning School •

Role of Parents with children

- **Trigger** curiosity in the things around children by **asking them questions**
- Connect/Relate Science to the things around us
- Visit different places to **experience & observe** living & non-living things
- e.g. Botanical Gardens, Mount Faber, Science Centre, SEA Aquarium and Hort Park

END

P4 Subject Based Banding (SBB) - MOE

- Every child is unique, and has different aptitudes, capabilities and talents. Our schools believe in providing a balanced education that caters to the different abilities of each child so that we can prepare him for life.
- Subject-based Banding (Pri) was introduced as a refinement to the streaming process to help each child realise his/her potential, based on his strengths and needs.
- Standard subjects – in Primary schools, the focus is on the mastery of core content and skills.
- Foundation subjects – pitched at a lower level than Standard Subjects to build up their understanding in subjects they need more help with.

Learning School •

Year End Student Movement

Primary 3 to Primary 4
Criteria / Considerations

Enbloc Promotion

2024 Primary 4 to 2025 Primary 5
Criteria / Considerations

Based on 2024 P4 Subject Based Banding (Standard / Foundation Subject Combination).

- Subject combinations – not a choice. School's recommendation: Students' 2024 P4 total marks in English Language, Mathematics and Science will be taken into consideration in the allocation of classes.
- Students' Mathematics marks will also be the primary factor in distributing students to a few selected classes to allow for better pacing and pitching of the lessons to our students.

Learning School

Zhangde Primary Subject Combination Options

- 1 English Language, Mathematics, Mother Tongue Language and Science [4S]
- 2 Higher Mother Tongue Language, English Language, Mathematics, Mother Tongue Language and Science [4S1H]
- 3 English Language, Mathematics, Science and **Foundation Mother Tongue Language** [3S1F(FMT)]
- 4 English Language, Mother Tongue Language, Science and **Foundation Mathematics** [3S1F(FMA)]
- 5 Foundation English Language, Foundation Mathematics, Foundation Mother Tongue Language and Foundation Science [4F]

NOT A CHOICE – RECOMMENDATION ON ONLY ONE COMBINATION THAT WOULD BE BEST FOR OUR STUDENT.

Learning School •

SBB and Secondary School Admission

- ❖ Progression to secondary school depends on your child's PSLE AL score.
- ❖ Different expectations of Standard and Foundation subjects will be taken into consideration when your child's PSLE AL score is calculated.
- ❖ Offering subjects at the foundation level is not a disadvantage to your child. Your child will be able to focus on building up strong fundamentals in those subjects.
- ❖ If he/she excels in the subject, he/she will have the opportunity to pursue higher level options at the secondary school.

Learning School •

Subject-based Banding (SBB)

You can refer to the website for more details.

<https://www.moe.gov.sg/primary/curriculum/subject-based-banding>

Catering to Your Child's Abilities

SUBJECT-BASED BANDING

FOR PRIMARY SCHOOLS

Every child is unique, and has different aptitudes, capabilities and talents. Our schools believe in providing a balanced education that caters to the different abilities of each child so that we can prepare him for life.

Subject-based Banding (Pri) was introduced as a refinement to the streaming process to help each child realise his potential, based on his strengths and needs.

Subject-based Banding (Pri) provides greater flexibility for your child by offering him the option of a combination of standard and foundation subjects, depending on his strengths. For example, if he excels in English and Mother Tongue but needs more support in Mathematics and Science, he may choose to take the first two subjects at the standard level and the others at the foundation level.

Such a choice will allow your child to focus on and stretch his potential in the subjects that he is strong in while building up the fundamentals in the subjects that he needs more support in.

WHAT IS SUBJECT-BASED BANDING (PRI)?

SUBJECT-BASED BANDING (PRI) AND SECONDARY SCHOOL ADMISSION: HOW ARE THEY RELATED?

Progression to secondary level depends on your child's PSLE score. The different expectations of standard and foundation subjects will be taken into account when your child's PSLE score is calculated. If he excels in his subjects, he will have the opportunity to pursue higher-level options at secondary school.

Offering subjects at the foundation level is not a disadvantage to your child. It enables him to focus on building up strong fundamentals in these subjects and better prepares him for progression to secondary school.

WHAT ARE SOME CHOICES AVAILABLE?

If your child (for P4 exam)	Your child may be recommended to take
Passes all 4 subjects and performs very well in Mother Tongue Language	4 standard subjects + Higher Mother Tongue Language
Passes all 4 subjects	4 standard subjects
Passes 3 subjects	4 standard subjects
Passes 2 subjects or less	4 standard subjects; or
	3 standard subjects + 1 other foundation subject; or
	2 standard subjects + 2 other foundation subjects; or
	1 standard subject + 3 other foundation subjects; or
	4 foundation subjects

HOW DOES SUBJECT-BASED BANDING (PRI) WORK?

@ PRIMARY 4

Student sits for school-based examinations

School recommends a subject combination based on the student's results.

Parents fill up an option form indicating the preferred combination.

@ PRIMARY 5

Student takes subject combination chosen by parents

English Language, Mathematics, Science and Mother Tongue Language are available at standard and foundation levels.

Higher Mother Tongue Language is also available.

School assesses student's ability to cope with the current subject combination at the end of the year. Adjustments to the number of standard and foundation subjects can be made, if necessary.

@ PRIMARY 6

Student takes subject combination decided by his school and sits for the Primary School Leaving Examination (PSLE) at the end of Primary 6.

WE ARE ALWAYS HERE TO HELP

Schools will help recommend subject combinations, based on your child's needs and abilities.

If you have any questions on Subject-based Banding (Pri), you should approach your child's school for help.
